PROFESSIONAL SUMMARY

Dedicated and results-oriented professional with 3+ years of experience in a product-based ed-tech company developing new products from scratch.

Skilled in Full Stack Software Development using Angular, Java, etc. I am looking for the position of Senior Software Developer.

As someone deeply passionate about problem-solving and technology, becoming a software engineer aligns perfectly with my skills and aspirations. I thrive on the challenge of developing innovative solutions and continuously improving processes.

WORK HISTORY

Great Learning - Software Engineer | Bangalore | 12/2022 - Current
